Publishers Note

One of the most effective methods that Hujjat Al Islam Mohsen Gharaati uses during his televised program Lessons from the Quran is the use of parables and similes, which has been very successful in getting the message of understanding across to the general population.

In this publication, the endeavor is to select one hundred of the many similes and parables he has conveyed and to present them in a “Question and Answer” form.

We hope that this initiative continues and that in the future more of the same will be made available to interested parties.
