

Introduction

Chapter One

In the outward dimension of this religion there is an inward dimension, and there are realities within the true form of this religion

Chapter Two

If the system of creation is not mentally posited, how could its reality be?

Chapter Three

Connecting to the metaphysical realm and the secrets of the unseen is not restricted to the prophets, but is possible to all.

Chapter Four

What is the way towards perfection after knowing that it is possible?

Chapter Five

What will you achieve through perfection?

Praise be to Allah Lord of the worlds and praise and peace be upon His close vicegerents, in particular our Master Muhammad and His Pure Progeny. Praise be to Allah Lord of the worlds and praise and peace be upon His close vicegerents, in particular our Master Muhammad and His Pure Progeny.

This is a treatise on vicegerency which is the ultimate real perfection for mankind. It is the ultimate goal in the legislating of the true divine shariah, as is understood from prolific arguments, and explicit religious statements also give evidence to this. This discussion has been organized into five chapters and Allah Almighty is the Helper.
