20. Extracting blood from the body

Article 157

Extracting blood from the body even it is done by phlebotomy, surgery, brushing or scratching in the way that blood extracted from the body, in other than the cases of necessity is Makrooh (disliked) and because some of Faqihs have consider it as Haraam, then the Mustahab precaution is to renounce that. It is even better to abstain from giving blood by today's methods in the state of Ihram, except in cases of necessity and for saving the life of a Muslim.
