### Raising Doubts about the Hadith's Authenticity

**Thul-Hijjah 10, 1329**

Your debater strongly doubts the credibility of this hadith. For one thing, both Shaykhs have not included it in their *sahih* books, nor have the authors of other *sahih* books. I do not think that this hadith has been narrated by any reliable Sunni traditionist, and I do not think that you yourself consider it authentic, and peace be with you.

Sincerley,
