## **Final Note by Imam Khomeini**

Know that for the salet, beside its form, there is a meaning, and apart from its exterior it has an interior; and as the exterior has its disciplines, neglecting which would render the outer form of the salet invalid or incomplete; likewise, its interior has cordial spiritual disciplines, neglecting which would render the spiritual salet invalid or incomplete; whereas observing them would inspire the salet with a heavenly spirit.

Imem Khomeine.
