For Excessively Heated Blood

'Ali b. Muhammad b. Hilal narrated from 'Ali b. Mihran from Hammad b. 'Isa from Hariz b. 'Abd Allah from Abu 'Abd Allah al-Sadiq, peace be upon him, who said: 'Most of these abscesses (*al-damamil*) and sores (*al-quruh*) are from this excessively heated blood (*al-dam al-muhtariq*) which a person does not take out at its time. Whoever is overcome by something of that, let him say when he goes to bed: "I take refuge in the Face of Allah, the Mighty, and Bis Perfect Words, which neither the righteous nor the ungodly pass by, from the evil of everything possessed of evil." When he has said that, none of the jinn will harm him and he will be restored to health by it, Allah, the Exalted, willing.

'Finally, write on a paper and make the person suffering from abscesses swallow it:

لا الآء الا آلاؤك يا الله

علمك به محيط علمك
