Foreword

This book is written on two levels. The first level is the obvious Theological level, where the matter is treated as Biblical Study and Perusal.

It is the second level which would be of utmost interest to students of Prophets and Prophesies. Here, Jesus Christ is brought into relief as a Prophet also.

And here we study Prophesies.

We study the anatomy of Prophesies. How they are made. The wording of the Prophesies, the linkages made in it to the available knowledge not only of the times, but all time to come. We see the unerring clarity and depth of the Prophesies. And when they come to pass, we realize the knowledge and grandeur of the Prophets themselves.

I hope the readers enjoy studying this book as much as I enjoyed writing it.
