## **Foreword**

Dear readers,

I am not a professional storywriter. What I present herein are but a few of the many portraits of life in which Good confronts Evil and spiritual faith and belief confront an imperialist, dominating culture. The apex of my hope is to produce a faithful image of the ideological call for virtue to prevail over vice.

Muslim men and women live contradictory existences of contemporary life as presented in the following fiction. I have tried to pave the way for the revival of one of the propagative apparatus, the story, which influences our lives at this juncture in Islamic history.
